

WINE TASTING AT IBIZKUS

Ibizkus Wines invites you to discover its ecologically-grown, hand-harvested and sustainable wines from Ibiza.

Formal tastings are conducted in our tasting room and include a presentation of Ibiza's winemaking history, its GPI (Geographically-Protected Indication), a description of the island's local grape varieties and the local "terroir."

We'll introduce you to different regions of the island by means of a virtual vineyard tour and you'll understand our commitment to sustainable wines.

We kindly ask you to arrive 5 to 10 minutes before your scheduled tasting.

ABOUT IBIZKUS

Ibizkus is an Ibiza winery producing wines from 100% Ibiza-grown grapes.

Our vineyards are cultivated without chemical pesticides, herbicides or fertilizers, hand-harvested, and the resulting grapes fermented with our very own indigenous yeast cultures.

We strongly believe in the local grape varieties Monastrell and Malvasia, accounting for 97% of our production. Our Monastrell vines average over 40 years of age and are "goblet-pruned."

The resulting wines are examples of Mediterranean wines true to their grape varieties. They are fresh and mineral, with sulfite levels below those mandated for biodynamic wines.
